## FOREWORD

This yearbook is published annually after the close of the current school year. Its purpose is to serve as an annual report of the Executive Secretary and to provide a complete review of events sponsored during the year by the Association. All statewide events in which championships are determined are summarized and listed in the order in which they occurred.

A complete file of yearbooks published gives a complete summary of the activities of the Association since it was organized in December 1900. This does not mean that a yearbook has been published each year since 1900. The first one was published in 1927 and contained a summary of events from the beginning of the organization through the school year 1926-27. Additional yearbooks were published in 1933, 1940, 1943, and 1946. Each covered the activities of more than one year. Since 1946 the yearbook has been an annual publication.

## REVIEW OF SDHSAA EVENTS FOR 1972-73

This volume of the yearbook contains complete summaries of the statewide events and business of the SDHSAA for the school year of 1972-73. The annual audit of the Association's finances is not included because of the time of the year, but the audit is published each year in the Annual Meeting Bulletin which will be issued in mid-September.

On the next few pages you will find mention of these events, with complete summaries in the proper order later in the book.

The past year was the twelfth that the Association has been operated as an "Activities Association" and therefore the events mentioned and summarized are for all activities, not only athletics. The athletic summaries are in the first section of the YEAR BOOK, and the section on the other activities in the second section of the book.

Even though all activities are directed from a central office, these activities could not be effectively administered without the use of committees made up of the dedicated people who are interested in seeing that the particular activity goes well. Think of the many tournaments, meets and contests leading up to the state events. They could not be properly operated without your great help. The Board of Control, the Executive Secretary, and the Assistant Executive Secretaries wish to thank the many people so efficiently serving on the numerous committees. You have done a great job and again, "Thank you"!

### 1972 COACHING SCHOOL

Huron, August 7, 8, 9, 1972

Over 270 coaches attended the twenty-first Annual Tuition-Free Coaching School. Outstanding high school coaches were instructors in football, basketball and wrestling. Jim Williams, Des Moines, Iowa and Stavros Canakes of Edina, Minn. conducted the football portion of the program. Basketball instructors were Vergil Fletcher, Collinsville, Illinois and Bill Linke, Sioux City, Iowa. Chuck Hetrick of Blackwell, Oklahoma handled the wrestling. Track and Athletic Training portions of the school were presented by college people. DeLoss Dodds, head track coach at Kansas State and Gordon Graham, head trainer at Mankato State served as the clinicians.

We owe our sincere thanks to the South Dakota Medical Association, especially Dr. A. J. Janusz of Aberdeen and Dr. H. L. Saylor of Huron, for arranging and providing the talent for the training portion of our program.

## HISTORY OF BASKETBALL TOURNAMENTS

The SDHSAA was organized in 1905 and from that time until 1912, competition was pretty much limited, on a statewide basis, to track and debate. In 1912, with permission of the SDLSAA, Emory College sponsored a state high school basketball tournament open to all high schools in the State. This tournament was continued annually to 1917, when, at the request of the College, the management was taken over by the Board of Control of the SDHSAA and has been under the supervision and management of the Board since that time. The number of teams in the State Tournament varied until 1924 when eight teams qualified. Since 1924 the State Tournament has been eight team affairs, with exceptions in 1928, 1932 and 1941 when the "A" Tournaments were four team tournaments.

During the 1920's there was agitation for two classes, and in 1930 an "A" and "B" plan was tried. Under this plan the State was divided into 32 districts and the 32 District winners went to eight "A" Regions, and the eight Region winners then qualified for the State "A" Tournament. The 32 District runner-up qualified for eight "B" Regions, from which the eight winners qualified for the State "B" Tournament. This plan did not prove popular and was abandoned after the one year trial.

Agitation continued for two classes, and in the fall of 1935 an "A" and "B" plan was developed. Under this plan High Schools with an enrollment of 100 and over were classed as "A" schools and all other schools were "B" schools. Under this setup the top schools in the U.S.A. Conference qualified for the "A" Tournament, and the losers in the second division of this Conference played against the other "A" schools to determine the other qualifiers in the eight team State "A" Tournament. "B" teams with outstanding records were allowed to challenge into the "A" class for the right to enter the State "A" Tournament. The four "A" and "B" Tournaments were held in March of 1936.

With adjustments from time to time in the "A" setup, including taking away the right of a "B" school to challenge, and taking away the method of qualifying by being one of the top teams in the U.S.A. Conference, the present plan was adopted for the 1951-1952 season. During the transition from 1956 to 1957, the four largest schools in four geographical areas were classed as "A" schools and in each of the four sections, two teams from each section qualified for the State "A" Tournament by a double elimination method.

In 1961 the present plan was started whereby the 32 largest high schools, by enrollment, made up the "A" group and eight "A" sections were set up, and the winner of each of the eight section tournaments qualified for the State "A" Tournament. Also part of the present "A" set-up is that, while enrollments might change, the teams were determined on the two-year basis, rather than having changes annually in each class.

For the 1967 "A" Tournaments a change was made in the method of qualifying teams in the State "A" Tournament. This change, briefly was as follows: The make up of schools in the "A" Sections was just as it had been in recent years, however a double elimination Section Tournament was played with two teams from each section qualifying for the new "Sub-State" tournaments. Sections 1 and 2 formed Sub-State #1; Sections 3 and 4 formed Sub-State #2; Sections 5 and 6 formed Sub-State #3; and Sections 7 and 8 formed Sub-State #4. This placed four teams in each of the four Sub-State Tournaments and again, double elimination tournaments were played with two teams from each Sub-State tournament qualifying for the State "A" Tournament.

The 1881 plan for "A" tournaments was discarded in 1882 and qualification for places in the State "A" Tournament was done by single elimination tournaments in each of eight (8) "A" Sections. The winner of each "A" Section qualified for the State "A" Tournament. This method has been continued through the 1973 Tournaments.

Since the start of the "A" and "B" classification in 1938 there has been little change in the "B" setup. We have continued to have 23 "B" Districts and 3 "B" Regions with the eight "B" Region winners qualifying for the State "B" Tournaments. Of course there has had to be changes in districts and regions but the basic plan has been kept over the years.

## 1972-73 SDHSAA EVENTS STUDENT COUNCIL CONFERENCES

The attendance at the three area student council conferences was below that of last year. The total attendance at the three conferences was 248 students and advisors. The delegates represented 34 different high schools. Dr. Earl Neum, guest consultant from Denver, talked to the groups in three general sessions during the day-long conferences. He gave them the basic goals of what a student council can do for a school if they truly try to involve all the students. His humor and straight-forward talks put across the various ideas he expressed. The students were also divided into small discussion groups to talk about their schools and how the council functioned in each school.

Cooperation on the local level determines which students will attend the chorus. Each school may send one or more quartets based on the enrollment of the school. The orchestra members were selected by auditions which include performance and written tests.

The South Dakota Music Educators' Association cooperated with the SDMSAA in planning and operating this All-State event.

## ALLSTATE BAND

#### REGION MUSIC CONTESTS

The member schools of the South Dakota High School Activities Association are divided into eight regions for conducting music contests. Actually these contests are in the nature of a festival in that each individual or group is striving for a rating with no restrictions placed upon the judges as to the number of superior ratings which may be awarded in each category. There is no advancement to a state contest.

Contests were held in all eight regions again in 1972-73. In seven of the regions, solo and ensemble contests were completed in February and were followed by large group contests in April. Region IV held all its contests during the twoday event the first weekend in April. Region VIII held its solo and ensemble contest in early February and its large group contest the first weekend in May. Regions I, II, and V had separate vocal and instrumental contests in April. Region II had its large group contest.

### DEBATE

A two-man team from Sioux Falls Washington High School won the championship trophy in Class "A" debate at Huron. The last state championship was by a Washington High team in 1935. Since 1915, debate teams from Washington have debated their way to thirteen state championships. This year's team went through the tournament without a loss. The Washington team is coached by James Curison.

For the third year in a row Baltic has captured the Class "B" championship. Baltic had a 5-0 record when they went into the final round of debate. Taking the affirmative side of the question, they were pitted against a team from Tripp High School. Baltic won the championship on a 4-1 decision of the judges. Terry Koehn is the debate coach at Baltic.

The runner-up trophy in Class "A" was won by Watertown High School. Iwanis Roberts is the debate coach at Watertown. In Class "B", the runner-up trophy was awarded to the Tripp High School. Mrs. Marjoe Zimmerman is the debate coach at Tripp.

Fifty-five schools competed in the Association's division forensic contests. This included 27 class "A" schools and 28 class "B" schools.

(Doc) Reuter who served as director of forensics at Huron High School from 1927 until 1965. He was also instrumental in building the South Dakota interscholastic forensics program to its present level.

Candidates for the awards are selected on the basis of integrity of ideas, thoroughness of research, ability to communicate ideas in debating, good character, and sportsmanship. In addition to being recognized as an all-state debater, each recipient was awarded a medal.

Two ballots by the high school debaters and coaches determined the award winners. The first was a nominating ballot. In the second, the winners were selected from the finalists.

The four debaters named to receive the D. C. Reuter Award for 1973 are as follows:

Dale Akkerlund, Sioux Falls, Washington  
Gary Jo Anderson, Mankato  
Mark Bergens, Sioux Falls, Michigan  
John Sunderland, Rapid City, Stevens

Starting July 1, 1937, R. M. Walseth was appointed Executive Secretary of the Association, with office space in the Department of Public Instruction in the Statehouse in Pierre. Because of expansion in the Department of Public Instruction, and a consequent lack of space, it was necessary to move the SDEAA office. Space was rented in the St. Charles Hotel and the office was moved in January of 1946, where it remained until November 1957. Then it was moved to permanent quarters in the SDEAA building at 411 E. Capitol Avenue in Pierre.

With the Association changing from an "Athletic Association" to an "Activities Association," it was necessary to add additional help. Mr. D. W. Evans was named Assistant Executive Secretary July 1, 1962, and additional office space was secured in the SDEA building.

Because of the increased activities of the SDEAA, The Board of Control decided to add another man to the staff and Earl Libeyen, formerly Athletic Director at the Watertown High School, was added to the staff on July 1, 1969. With the addition of Mr. Libeyen, additional office space was necessary and in June of 1981 the offices were moved to the lower level in the SDEA Building.

Ralph Wiklund, former principal at Mohrville High School, assumed the non-athletic duties previously handled by D. W. Evans. Mr. Evans became Executive Secretary of the Association on July 1, 1970 as R. M. "Pete" Walseth, who so competently directed the affairs of the Association for thirty-three years, retired.
