FOREWORD

This YEARBOOK is published annually after the close of the current school year. Its purpose is to serve as an annual report of the Executive Secretary and to provide a complete review of events sponsored during the year by the Association. All statewide events in which championships are determined are summarized and listed in the three sections of this book.

A complete file of published YEARBOOKS gives a complete summary of the activities of the Association since it was organized in December 1905. This does not mean that a YEARBOOK has been published each year since 1905. The first one was published in 1927 and contained a summary of events from the beginning of the organization through the school year 1926-27. Additional YEARBOOKS were published in 1934, 1940, 1942 and 1946. Each covered the activities of more than one year. Since 1946 the YEARBOOK has been an annual publication.

REVIEW OF SDHSAA EVENTS FOR 1985-86

This volume of the YEARBOOK contains complete summaries of the statewide events and business of the SDHSAA for the school year of 1985-86. The annual audit of the Association's finances is not included because of the time of the year, but the audit is published each year in the Annual Meeting Bulletin which will be issued in mid-September.

On the next few pages you will find mention of these events, with complete summaries in the proper order later in the book.

The past year was the twenty-fifth that the Association has been operated as an "Activities Association" and therefore the events mentioned and summarized are for all activities, not only athletics. The boys' athletic summaries are in the first section of the YEARBOOK, the girls' athletic summaries are in the second section, and the Student Council, Journalism, Music and Speech are in the third section of the book.

Even though all activities are directed from the central office, these activities could not be effectively administered without the use of committees made up of dedicated people who are interested in seeing that the particular activity goes well. Think of the many tournaments, meets and contests leading up to the state events. They could not be properly administered without the help of the dedicated professional educators at the local level. The Board of Control, the Executive Secretary, and the Assistant Executive Secretaries wish to thank those who have served on the numerous committees.

WHAT IS THE ACTIVITIES ASSOCIATION?

Purpose

The purpose of the South Dakota High School Activities Association is to direct and coordinate interscholastic activities carried on by the member high schools of South Dakota.

It shall have the duty and obligation to control, coordinate, and direct the operation of the interscholastic activity programs of its member schools. Among these programs shall be those in athletics, speech, music, student council, publications, and such like or related programs of activities as now or hereafter may be organized among member schools.

It shall also attempt to equalize activity opportunity by standardizing qualifications for participants, coaching and directing procedures, and treatment of visiting teams and participants in connection with activities.

SDHSAA Contribution to Athletics

In the good old days, anybody could play on the high school team, even the coach, principal, or a college athlete on vacation. Age, school status, reason for being in the district, and related factors were nobody's business. When game brawls and community feuds made conditions bad enough, school administrators awoke to the need for organized action. Since that time, not only in South Dakota but throughout the nation, state athletic and activities associations have proved their worth. Every student in every high school in the state is now assured that he competes under standards that are the same as those that exist in every other high school that voluntarily agrees to be a member of the SDHSAA.

The SDHSAA has not been developed or dominated by any outside individual or group. Rather it has been created and is being expanded by school people because earlier unfavorable experiences have proved it necessary for the welfare of the school program. The amateur spirit cannot survive pressures which develop when controls are not provided.

History

The SDHSAA was organized in 1905 for the purpose of managing and fostering high school athletics on a high plane. At that time a Board of Control of three members was chosen to administer the affairs of the Association. They were G. E. Muller, Superintendent of Hurley High School; R. L. Kirk, Superintendent, Aberdeen High School; and A. A. McDonald, Superintendent, Sioux Falls High School.

Initial concerns were primarily in track and field. During the ensuing years it became evident that the SDHSAA should assume the initiative for a well-balanced athletic program to meet the needs of all schools and all students desiring to participate in athletics.

In 1923 the Association became a member of the National Federation of State Athletic Associations which now includes all state associations and several Canadian provinces.

Down through the years each non-athletic school activity formed its own organization. In 1961, largely through the efforts of the South Dakota High School Principals' Association, the member schools voted to become an Activities Association. This step merged all of these organizations into one association which is the present South Dakota High School Activities Association.

Organization

All memberships are voluntary. Any high school in the state, whether public, private, parochial, or institutional, if accredited by the South Dakota Division of Elementary and Secondary Education, may become a member of the Association by making formal application that is authorized by its Board of Education and by subscribing to the rules and by-laws of the Association. Membership once attained is continuous, provided the local school board enacts the annual resolution authorizing membership, the annual dues paid, and all other requirements are met.

The legislative body of the Association consists of the entire membership which meets once each year. Each member school has one vote whether the voting is done at the annual meeting or by mail ballot.

The executive body is the Board of Control, which is made up of seven members. Five of these shall be superintendents or principals of member schools and two shall be Board of Education members of member schools. The Board of Control meets at least six times each year and is charged with interpreting the Constitution and By-Laws, organizing and directing tournaments and meets, determining penalties and forfeitures for violations of rules, settling disputes, registering sports officials, establishing the state office, and employing an executive secretary and staff to administer the Association.

DISTINGUISHED SERVICE AWARDS

The South Dakota High School Activities Association established a Distinguished Service Award program in 1976 with the first awards being presented at the State Basketball Tournaments in 1977. Purpose of the program is to recognize outstanding service to the youth of the state through various high school activities programs. Candidates for the award are nominated by the schools with the final selection being made by the Board of Control. Until 1983-84 the awards fell into three categories: Service Through The News Media, Service Through School Programs, and Service Through Community Support. Effective the 1985-86 school year, the categories were changed to include the following: Administrator, Board of Education Member, Coach, Contributor, Director, and Official.

34th ANNUAL COACHES CLINIC Brookings, August 12-13-14, 1985

Trying to better or equal the registration of 561 coaches and athletic directors in attendance at the 1985 South Dakota High School Coaches Clinic will surely take some doing for the 1986 Summer Coaches Clinic. For the past four years the registration has continued to increase, but the addition of over 100 more coaches this year compared to last year was indeed a very pleasant situation. Our congratulations to those schools and their coaches who were in attendance. This is a "free clinic" so school administrators should continue to encourage their coaches to take advantage of the opportunity to improve on their knowledge of those activities they are coaching along with the sharing and exchange of ideas with others of their profession. Guest speakers Herb Brooks, coach of the 1980 U.S. Olympic Gold Medal Hockey Team and former coach of the New York rangers, and Carolyn Cade, Chemical Awareness Coor-dinator in the Bloomington, Minnesota Public Schools, spoke to a "full house" during their scheduled General Assemblies. Guest clinicians came from Nebraska, Iowa and Minnesota.

HIGH SCHOOL PRESS CONVENTION

The 61st Annual South Dakota High School Press Convention was held at SDSU on October 14, 1985. The keynote speaker for the general assembly of delegates was Dr. Robert Wagner, President of SDSU. He entitled his speech "Make It Happen." He encouraged the student delegates to strive for excellence with not only their publications, but also with their other academic pursuits. Included in the program of the assembly was the awarding of six scholarships to freshmen attending SDSU, the 35 All-State Jopurnlists for 1984-85 were presented certificates and the school winning top of class and All-State winners in the publications were awarded plaques.

During the day there was an early bird session for both newspaper and yearbook, so the students that arrived early would get in an extra session. During the morning, 40 mini workshops, which covered the aspects of newspaper production, yearbook production and photography were held.

Approximately 1300 students and advisors attended the convention. They represented about 50% of the high schools in the state.

During the general session of the Convention the All-State awards were presented by Ralph Wilkinson, SDHSAA. Three schools received "Top of Class" awards. This award is based upon the combined scores for their yearbook and newspaper which must have received an All-State rating. The school with the highest combined score in each division receives "Top of Class." "Top of Class" awards were presented to:

MUSIC

ALL-STATE CHORUS AND ORCHESTRA

The 1985 All-State Chorus and Orchestra was held in the Huron Arena, November 8-9, 1985. The statistics for the largest musical event in South Dakota are as follows:

Chorus Personnel.....	880
Schools represented in the Chorus	165
Orchestra Personnel	129
Schools represented in the Orchestra	22

The director for All-State Orchestra was Mr. Stephen G. Hobson from Omaha, Nebraska. To his multifaceted position as Music Director of the Omaha Area Youth Orchestras, Director of Orchestral Activities at the University of Nebraska at Omaha, and conductor of the UNO Symphony Orchestra, Mr. Hobson brings an extensive and impressive background as a highly successful public school string educator in Michigan. Professor Elizabeth Green, World renowned conductor and teacher, said of his orchestra, "Seldom have I heard a more polished orchestra than yours as displayed in the exquisite piano dynamics of this afternoon's performance . . . an outstanding conductor."

In addition to his frequent appearances as a guest conductor and clinician, Mr. Hobson has served as conductor for numerous amateur and professional orchestras at the Blue Lake (Michigan) Fine Arts Camp. During his tenure as a member of the conducting faculty at Blue Lake, Mr. Hobson guided the camp's International Symphony on two highly acclaimed European tours.

The conductor for All-State Chorus was Mr. Rodney Eichenberger from Los Angeles, California. Mr. Eichenberger is Professor of Choral Music and conductor of the Chamber Singers at the University of Southern California. Prior to joining the USC faculty in 1976, he was the chairman of choral activities at the University of Washington in Seattle and musical director and conductor of the Seattle Symphony Chorus. He is a graduate of St. Olaf College and the University of Denver with advanced studies at the University of Washington and the University of Iowa. He has served as a board member of the American Choral Directors Association, and has appeared as both a lecturer and clinician for conventions for the Music Educators National Conference and the ACDA. Choirs under his direction have performed for division and national conventions of MENC and ACDA, and at conventions of the International Heinrich Schutz Festival and the International Society of Music Education and at the International Choral Symposium in Vienna, Austria. He frequently guest conducts all-state and honor choirs, and has held workshops and clinics at a number of universities throughout the United States. Over the past ten years, he has been a major influence in the Australian choral movement where he has held appointments as artist in residence, visiting lecturer or guest conductor in universities, conservatories and choral societies throughout the country.

He presently has over 150 compositions for marching band, concert bands, vocal ensembles, and various solos and ensembles published in the United States as well as 22 pieces published through the Salvation Army international publications in London, England, in both the brass band and choral areas.

REGION MUSIC CONTESTS

The schools belonging to the SDHSAA are divided into eight regions with each region conducting music contests. Actually these contests are in the nature of a festival, as each individual or group is striving for a rating, with no restrictions upon the judges as to the number of superior ratings which may be awarded in each category. There is no advancement to a state contest.

All eight regions held contests in 1984-85. In seven regions solo and ensemble contests were held in February. In regions III, V and VII there were no large group contests. Region IV held both the solo and ensemble contests and large group contests on the same weekend.
