FOREWORD

This YEARBOOK is published annually after the close of the current school year. Its purpose is to serve as an annual report of the Executive Secretary and to provide a complete review of events sponsored during the year by the Association. All statewide events in which championships are determined are summarized and listed in the three sections of this book.

A complete file of published YEARBOOKS gives a complete summary of the activities of the Association since it was organized in December 1905. This does not mean that a YEARBOOK has been published each year since 1905. The first one was published in 1927 and contained a summary of events from the beginning of the organization through the school year 1926-27. Additional YEARBOOKS were published in 1934, 1940, 1942 and 1946. Each covered the activities or more than one year. Since 1946 the YEARBOOK has been an annual publication.

REVIEW OF SDHSAA EVENTS FOR 1988-89

This volume of the YEARBOOK contains complete summaries of the statewide events and business of the SDHSAA for the school year of 1988-89. The annual audit of the Association's finances is not included because of the time of the year, but the audit is published each year in the Annual Meeting Bulletin which will be issued in mid-September.

On the next few pages you will find mention of these events, with complete summaries in the proper order later in the book.

The past year was the twenty-sixth that the Association has been operated as an "Activities Association" and therefore the events mentioned and summarized are for all activities, not only athletics. The boys' athletic summaries are in the first section of the YEARBOOK, the girls' athletic summaries are in the second section, and the Student Council, Journalism, Music and Speech are in the third section of the book.

Even though all activities are directed from the central office, these activities could not be effectively administered without the use of committees made up of dedicated people who are interested in seeing that the particular activity goes well. Think of the many tournaments, meets and contests leading up to the state events. They could not be properly administered without the help of the dedicated professional educators at the local level. The Board of Control, the Executive Secretary, and the Assistant Executive Secretaries wish to thank those who have served on the numerous committees.

WHAT IS THE ACTIVITIES ASSOCIATION ?

Purpose

The purpose of the South Dakota High School Activities Association is to direct and coordinate interscholastic activities carried on by the member high schools of South Dakota.

It shall have the duty and obligation to control, coordinate, and direct the operation of the interscholastic activity programs of its member schools. Among these programs shall be those in athletics, speech, music, student council, publications, and such like or related programs of activities as now or hereafter may be organized among member schools.

It shall also attempt to equalize activity opportunity by standardizing qualifications for participants, coaching and directing procedures, and treatment of visiting teams and participants in connection with activities.

SDHSAA Contribution to Athletics

In the good old days, anybody could play on the high school team, even the coach, principal, or a college athlete on vacation. Age, school status, reason for being in the district, and related factors were nobody's business. When game brawls and community feuds made conditions bad enough, school administrators awoke to the need for organized action. Since that time, not only in South Dakota but throughout the nation, state athletic and activities associations have proved their worth. Every student in every high school in the state is now assured that he competes under standards that are the same as those that exist in every other high school that voluntarily agrees to be a member of the SDHSAA.

The SDHSAA has not been developed or dominated by any outside individual or group. Rather it has been created and is being expanded by school people because earlier unfavorable experiences have proved it necessary for the welfare of the school program. The amateur spirit cannot survive pressures which develop when controls are not provided.

History

The SDHSAA was organized in 1905 for the purpose of managing and fostering high school athletics on a high plane. At that time a Board of Control of three members was chosen to administer the affairs of the Association. They were G. E. Muller, Superintendent of Hurley High School; R. L. Kirk, Superintendent, Aberdeen High School; and A. A. McDonald, Superintendent, Sioux Falls High School.

Initial concerns were primarily in track and field. During the ensuing years it became evident that the SDHSAA should assume the initiative for a well-balanced athletic program to meet the needs of all schools and all students desiring to participate in athletics.

In 1923 the Association became a member of the National Federation of State Athletic Associations which now includes all state associations and several Canadian provinces.

Down through the years each non-athletic school activity formed its own organization. In 1961, largely through the efforts of the South Dakota High School Principals' Association, the member schools voted to become an Activities Association. This step merged all of these organizations into one association which is the present South Dakota High School Activities Association.

Organization

All memberships are voluntary. Any high school in the state, whether public, private, parochial, or institutional, if accredited by the South Dakota Division of Elementary and Secondary Education, may become a member of the Association by making formal application that is authorized by its Board of Education and by subscribing to the rules and by-laws of the Association. Membership once attained is continuous, provided the local school board enacts the annual resolution authorizing membership, the annual dues paid, and all other requirements are met.

The legislative body of the Association consists of the entire membership which meets once each year. Each member school has one vote whether the voting is done at the annual meeting or by mail ballot.

The executive body is the Board of Control, which is made up of seven members. Five of these shall be superintendents or principals of member schools and two shall be Board of Education members of member schools. The Board of Control meets at least six times each year and is charged with interpreting the Constitution and By-Laws, organizing and directing tournaments and meets, determining penalties and forfeitures for violations of rules, settling disputes, registering sports officials, establishing the state office, and employing an executive secretary and staff to administer the Association.

DISTINGUISHED SERVICE AWARDS

The South Dakota High School Activities Association established a Distinguished Service Award program in 1976 with the first awards being presented at the State Basketball Tournaments in 1978. Purpose of the program is to recognize outstanding service to the youth of the state through various high school activities programs. Candidates for the award are nominated by the schools with the final selection being made by the Board of Control. Until 1983-84 the awards fell into three categories: Service Through The News Media, Service Through School Programs, and Service Through Community Support. Effective the 1985-86 school year, the categories were changed to include the following: Administrator, Board of Education Member, Coach, Contributor, Director, and Official.

"GOLD MEDAL" AWARD RECIPIENTS

The South Dakota High School Activities Association sponsored for the fourth year the "Gold Medal Award". To qualify to receive this "Gold Medal", an athlete must have the best time or greatest distance in each event, regardless of class. In the track events, only the best time in the finals shall be considered. For example, in the Girls' 100m Dash, if the Class "AA" winner's time is :12.71, the Class "A" winner's time is :13.30 and the Class "B" winner's time is :13.07, the "Gold Medal" would be awarded to the Class "AA" champion. That individual had the fastest time in the 100m Dash. This award will be given to all track and field events for both boys and girls and will be given each year at the State Track and Field Meet.

"GOLD MEDAL" AWARDS

The South Dakota High School Activities Association has sponsored the "Gold Medal Award" since 1986. To qualify to receive this "Gold Medal", an athlete must have the best time or greatest distance in each event, regardless of class. In the track events, only the best time in the finals shall be considered. For example, in the Girls' 100m Dash, if the Class "AA" winner's time is :12.71, the Class "A" winner's time is :13.30 and the Class "B" winner's time is :13.07, the "Gold Medal" would be awarded to the Class "AA" champion. That individual had the fastest time in the 100m Dash. This award will be given to all track and field events for both boys and girls and will be given each year at the State Track and Field Meet.

South Dakota State University, Brookings

October 10, 1988

1988 HIGH SCHOOL PRESS CONVENTION

The 1988 High School Press Convention held on the SDSU Campus was a huge success with 1073 students and/or advisors from 71 schools attending 18 different sessions covering all phases of newspaper, yearbook and photography. These sessions started at 9:00 a.m. and the last sessions concluded at noon.

The general session for all students and advisors started at 1:30 p.m. The Keynote Address was given by Larry Fuller, Publisher, Sioux Falls Argus Leader. This part of the session proved to be very popular with the delegates as they get a chance to inquire about many areas of newspaper work. Several scholarship winners were introduced and the members of the All-State Staff were announced. The presentation of the 1988 Publication Contests were given to the winning schools by Mary J. Perpich, Director, High School Press and Ralph Wilkinson, S.D.H.S.A.A..

1988-89 ALL-STATE STAFF

All State Journalists, selected from students attending the summer workshops at SDSU, received certificates at the October 12 Convention in Brookings. The group met during the Convention, elected officers and planned activities for the school year. They were also given the opportunity to select a newspaper they would like to visit for their "Day on the Job" and a legislator for "Day with a Legislator".

In addition to those chosen by the institute staff, former All-Staters who had not graduated from high school in 1987 were given the opportunity to repeat as All-Staters. In cases where a student could not attend the Publications Institute because of schedule conflicts, advisers are permitted to nominate a candidate and submit evidence of the student's qualifications. Students named to All-State for the 1988-89 school year are:

REGION MUSIC CONTESTS

The schools belonging to the SDHSAA are divided into eight regions with each region conducting music contests. Actually these contests are in the nature of a festival, as each individual or group is striving for a rating, with no restrictions upon the judges as to the number of Division I ratings which may be awarded in each category. There is no advancement to a state contest.

All eight regions held contests in 1988-89. In seven regions solo and ensemble contests were held in February. In regions V and VII there were no large group contests.
