FORWARD

This **YEARBOOK** is published annually after the close of the current school year. Its purpose is to serve as an annual report of the Executive Director and to provide a complete review of events sponsored during the year by the Association. All state-wide events in which championships are determined are summarized and listed in the three sections of this book.

The **YEARBOOKS** give a complete summary of the activities of the Association since it was organized in December 1905. This does not mean that a **YEARBOOK** has been published each year since 1905. The first one was published in 1927 and contained a summary of events from the beginning of the organization through the school year 1926-27. Additional **YEARBOOKS** were published in 1934, 1940, 1942, and 1946. Each covered the activities of more than one year. Since 1946 the **YEARBOOK** has been an annual publication.

REVIEW OF SDHSAA EVENTS FOR 1996-97

This volume of the **YEARBOOK** contains complete summaries of the statewide events and business of the SDHSAA for the school year of 1996-97. The annual audit of the Association's finances is not included because of the time of the year, but the audit is published each year in the Annual Meeting Bulletin which will be issued in mid-April.

On the next few pages you will find mention of these events, with complete summaries in the proper order later in the book.

Going back to the 1961-62 school year, the Association has been operated as an "Activities Association" and therefore the events mentioned and summarized are for all activities, not only athletics. The boys' athletic summaries are in the first section of the **YEARBOOK**, the girls' athletic summaries are in the second section, and the Student Council, Journalism, Music and Speech are in the third section of the book.

Even though all activities are directed from the central office, these activities could not be effectively administered without the use of committees made up of dedicated people who are interested in seeing that the particular activity goes well. Think of the many tournaments, meets and contests leading up to the state events. They could not be properly administered without the help of the dedicated professional educators at the local level. The Board of Control, the Executive Director, and the Assistant Executive Directors wish to thank those who have served on the numerous committees.

WHAT IS THE ACTIVITIES ASSOCIATION?

Purpose:

The purpose of the South Dakota High School Activities Association is to direct the coordinate interscholastic activities carried on by the member high schools of South Dakota.

It shall have the duty and obligation to control, coordinate, and direct the operation of the interscholastic activity programs of its member schools. Among these programs shall be those in athletics, speech, music, student council, publications, and such like or related programs of activities as now or hereafter may be organized among member schools.

It shall also attempt to equalize activity opportunity by standardizing qualifications for participants, coaching and directing procedures, and treatment of visiting teams and participants in connection with activities.

SDHSAA Contribution To Athletics:

In the good old days, anybody could play on the high school team, event the coach, principal, or a college athlete on vacation. Age, school status, reason for being in the district, and related factors were nobody's business. When game brawls and community feuds made conditions bad enough, school administrators awoke to the need for organized action. Since that time, not only in South Dakota but throughout the nation, state athletic and activities associations have proved their worth. Every student in every high school in the state is now assured that he competes under standards that are the same as those that exist in every other high school that voluntarily agrees to be a member of the SDHSAA.

The SDHSAA has not been developed or dominated by any outside individual or group. Rather it has been created and is being expanded by school people because earlier unfavorable experiences have proved it necessary for the welfare of the school program. The amateur spirit cannot survive pressures which develop when controls are not provided.

History:

The SDHSAA was organized in 1905 for the purpose of managing and fostering high school athletics on a high plane. At that time a Board of Control of three members was chosen to administer the affairs of the Association. They were G. E. Muller, Superintendent, Hurley High School; R. L. Kirk, Superintendent, Aberdeen High School; and A. A. McDonald, Superintendent, Sioux Falls High School.

Initial concerns were primarily in track and field. During the ensuing years it became evident that the SDHSAA should assume the initiative for a well-balanced athletic program to meet the needs of all schools and all students desiring to participate in athletics.

In 1923 the Association became a member of the National Federation of State Athletic Associations which now includes all state associations and several Canadian provinces.

Down through the years each non-athletic school activity formed its own organization. In 1961, largely through the efforts of the South Dakota High School Principals' Association, the member schools voted to become an Activities Association. This step merged all of these organizations into one association which is the present South Dakota High School Activities Association.

Organization:

All memberships are voluntary. Any high school in the state, whether public, private, parochial, or institutional, if accredited by the South Dakota Division of Elementary and Secondary Education, may become a member of the Association by making formal application that is authorized by its Board of Education and by subscribing to the rules and by-laws of the Association. Membership once attained is continuous, provided the local school board enacts the annual resolution authorizing membership, the annual dues paid, and all other requirements are met.

The legislative body of the Association consists of the entire membership which meets once each year. Each member school has one vote whether the voting is done at the annual meeting or by mail ballot.

The executive body is the Board of Control, which is made up of seven members. Five of these shall be superintendents or principals of member schools and two shall be Board of Education members of member schools. The Board of Control meets at least six times each year and is charged with interpreting the Constitution and By-Laws, organizing and directing tournaments and meets, determining penalties and forfeitures for violations of rules, settling disputes, registering sports officials, establishing the state office, and employing an executive director and staff to administer the Association.

DISTINGUISHED SERVICE AWARDS

The South Dakota High School Activities Association established a Distinguished Service Award program in 1976 with the first awards being presented at the State Basketball Tournaments in 1977. Purpose of the program is to recognize outstanding service to the youth of the state through various high school activities programs. Candidates for the award are nominated by the schools with the final selection being made by the Board of Control. Until 1983-84 the awards fell into three categories: Service through the News Media, Service through School Programs, and Service through Community Support. Effective the 1985-86 school year, the categories were changed to include the following: Administrator, Board of Education Member, Coach, Contributor, Director, and Official. In 1991, the original Distinguished Service Award list was merged into a single listing by utilizing the 1985-86 categories.

45th Annual SDHSAA Coaches Clinic Held in Aberdeen, July 22-26

There were a total of 561 women and men coaches registered at the South Dakota High School Activities Association sponsored "Free Coaches Clinic". There were an additional 60 cheerleading coaches who registered for the State Cheerleading Coaches Clinic held at the same time. We again congratulate those in attendance for taking time from their busy summer schedules to be a part of this program.

Guest clinicians selected this year by each individual sport coaches association were Al Schnabel, Lincoln, Nebraska for basketball; Jack Guggenmos, Aurora, Nebraska for football; Kent Van Ells, Dickinson, North Dakota for gymnastics; Rob Kinnunen and John Johnson, Augustana College for cross country/track and field; Karin Schumacher, Moorhead, Minnesota for volleyball; and Jason Liles, South Dakota State University for wrestling.

Dr. Lew Papendick, Black Hill Orthopedic Clinic, Rapid City, presented a session on "Sports Injuries to the Knee and Shoulder". The SDHSAA staff presented two sessions answering questions and concerns about the present Out-of-Season rules and the SDHSAA calendar.

" GOLD MEDALS" AWARD RECIPIENTS

The South Dakota Activities Association sponsored the "Gold Medal Award" since 1986. To qualify to receive this "Gold Medal", an athlete must have the best time or greatest distance in each event, regardless of class. In the track Boys' 100m Dash, if the Class "AA" winner's time is :11:26, the Class "A" winner's time is :14:40 and the Class "B" winner's time is :11:47, the "Gold Medal" would be awarded to the Class "AA" champion. That individual had the fastest time in the 100m Dash. This award will be given to all track and field events for both boys and girls and will be given each year at the State Track and Field Meet.

"GOLD MEDAL" AWARDS

The South Dakota High School Activities Association has sponsored the "Gold Medal Award" since 1986. To qualify to receive this "Gold Medal", an athlete must have the best time or greatest distance in each event, regardless of class. In the track events, only the best time in the finals shall be considered. For example, in the Girls' 100m Dash, if the Class "AA" winner's time is :12.71, the Class "A" winner's time is :13.30 and the Class "B" winner's time is "13.07, the "Gold Medal" would be awarded to the Class "AA" champion. That individual had the fastest time in the 100m Dash. This award will be given to all track and field events for both boys and girls and will be given each year at the State Track and Field Meet.

AREA STUDENT COUNCIL LEADERSHIP WORKSHOPS

The 1996-97 SDHSAA Area Student Council Leadership Workshops were scheduled to be held in six sites during December, 1996 and January, 1997. Due to blizzard conditions in December and January, only three of the Workshops were held.

The Workshops were primarily designed to give participating students and advisors instruction in leadership techniques. In addition, the Workshops provided a setting for students to meet other student leaders from area schools for the purpose of exchanging leadership ideas. The schedule for each Workshop included a "Future Leadership Opportunities" presentation by members of the SDSCA (South Dakota Student Council Association) state and regional officers.

An important component in the Workshop schedule was the "Advisor's Round-Table" session. This session provided an opportunity for the advisors at each Workshop site to gather and exchange ideas relevant to the operation of the student council in their schools.

Hosting the Workshops were Student Council Members from Rapid City Central High School - Mark Farrand, Advisor; Beresford High School - Ann Tornberg & Kay Anderson, Advisors and Mitchell High School - Judy Thiese, Advisor.

OUTSTANDING STUDENT COUNCIL RECOGNITION AWARDS

The 1996-97 school year marked the seventh year in which the SDHSAA sponsored the "Outstanding Student Council" recognition program for South Dakota high schools. The program consists of a self-evaluation by each participation Student Council. The intent of the program is to give these Councils that meet the specified criteria the recognition they deserve. Those schools designated as "Outstanding Students Councils" have well rounded programs which are of benefit to their school, their community and the state.

ONE-ACT PLAYS

Schools participating in the One-Act Play program are divided into three classes. Class "A" and Class "B" schools initiated competition at the region level during the 1996-97 season. The winners from the region contests advance to the State Festival. The Class "AA" schools automatically qualified for the State Festival.

In 1996-97, Class "A" schools presented plays which were humorous in nature while Class "B" schools presented plays which were serious. Class "AA" schools presented plays without regard to whether the play was humorous or serious in nature.

DEBATE AND INDIVIDUAL EVENTS

Schools participating in the Debate and Individual Events program are divided into two classes. Class "AA" represents the largest sixteen member schools while Class "A" involves all other schools after the largest sixteen schools. Any member school wishing to participate can directly enter the State Tournament in either debate or individual events without the necessity of participating in a regional tournament.

The 1997 State Tournament crowned the 83rd State Debate Champions for South Dakota. The Tournament also marked the 71st year for Extemporaneous speaking competition, the 63rd year of competition in Original Oratory and the 17th year of Lincoln-Douglas Debate competition.
